HELP GUY REACH HIS  
BIRTHDAY GOAL

I'll be turning 47 next month, but don't want presents. Click below to help me make my birthday wish come true.

DEAR John,

You may already know me through one of a variety of projects in which I am involved. I meet many people in my role as a filmmaker with Priority Films and as the Founder of RedLight Children, a global human rights organization with the goal of decreasing the demand for child slavery and exploitation.

We recently hosted a very successful red-carpet world premiere of REDLIGHT in New York City, attended by nearly 1,000 people. The film received glowing reviews.

After nearly ten years of fighting against child slavery and exploitation, my organization recently launched its first e-newsletter last month in July to bring valuable information to our supporters. If you missed our first newsletter, please [click here](#).

Also, we appreciate any suggestions or input you may have to help us improve our newsletter, please take 30 seconds and tell us your feedback by [clicking here](#).

This monthly newsletter will include information related to the issue of child trafficking and slavery so you can stay informed and take a stand to fight against it, as well as other important information such as on screenings and release dates of my latest film, REDLIGHT, at select locations around the world.

Unless we hear otherwise, we will deliver this newsletter to your inbox once a month. We look forward to staying in touch and many thanks for your support. Together lets end slavery and human trafficking worldwide.

Sincerely,

Guy Jacobson

Founder and Executive Director  
RedLight Children
